

MEET THE ARTIST

JEN- JENNIFER SHATTUCK-FALKOWSKI

Jennifer is a teaching textile artist and fabric dyer who found herself out of work and a little lost at the beginning of the pandemic. She took her first ever pottery class at MSCR as soon as classes reopened and became obsessed, of course. Pottery has everything that she loves about making art: the chance to make a huge mess and a high failure rate, Jennifer loves experimenting with different techniques and shapes. She is always learning and feels so proud to make and share her useful and pretty pots.
