

# MEET THE ARTIST

---

## RMM- RACHELLE MILLER

Rachelle is a ceramics artist and instructor based in Madison, WI. She teaches at Madison College and exhibits her work in galleries, museums, and art fairs across the Midwest. Miller's pieces, made using hand-building and wheel-throwing techniques, are both functional and sculptural. Inspired by the Mid-Century movement, she uses bold colors and geometric patterns, incorporating printmaking techniques for layering of texture and design. Her work is visually striking and invites closer examination.
